Dear Parent/Guardian,

The education of our children is more important than ever before. **For the approximate price of two movie tickets**, you can give your child a summer of continued learning. Studies show that much of what is learned during the school year is lost over the summer months. For the past 21 years our Summer Skills Review Books have provided **millions** of students with a comprehensive review of materials taught the previous year. With educational demands continuously changing, children need not only a review that keeps current with State, National and Common Core Standards, but also gives them an academic edge and self-confidence when they return to school in the fall.

Our easy-to-use Math, Language Arts and Foreign Language review books serve this purpose. Taking only 15-30 minutes three times per week over the summer, our books provide a succinct review that is not overwhelming.

Generally the grade level just completed is ordered; however, you and your child's teacher can best determine what grade level would be most suitable. **Our books are not sold in stores.** For more information visit our website at: www.summerskills.com
